

City Walk in Bodø

This city walk through Bodø will tell you the story of a town founded in 1816 and its development until today. Fish has always been important for this area, and will be covered in this walk in addition to other elements to this modern and vibrant coastal town.

Will start the walk from the pier and after a 10 minute walk we will have our first stop for approx 20 minutes at Salmon Center. After the Salmon Center we will take you through city center, telling you stories from 1816, visit a viewpoint, visit the new library, Bodø Cathedral, street art and city centre before finishing off the tour with a local taste treat.

Starting point at the pier - brief introduction about Bodø
Sjøgata - stop at Salmon Center
Tourstinformation - history Bodø and street art
Outside Stormen library - Skansen fortress, Artscape Nordland, harbour
Inside Stormen library
