Every day pick up in the city Centre at 12:10.

The comfortable coach will drive you on a sightseeing tour through the city of Bodø and afterwards is heading to the powerful Saltstraumen.

On the tour, you will get information's about the Saltstraumen and how the tidal current creates. You have the chance to go to the waterfront and have a close look to this natural fen omen and see the forces working. You will experience a typical northern Norwegian activity: the bus driver will beat a dried cod on the rocks, so that you can try it and discover a new, unknown taste! Outside you can walk around on natural paths in silence and try to observe the majestic sea eagle which is living in this area. At about 14:15 we will return to Bodo.

We can also do this tour for groups others times every day.

Price adults nok. 495,-

Price child 250,- (5-15 years)

Groups: Ask for price.

This tour can be done the hole year.
